

Clean & Clear®

Aboveground Cartridge Filter System

by Pentair

Clean, clear, inviting...and easy!

We've paired our dependable OptiFlo® Aboveground Pump with our highly efficient Clean & Clear® Aboveground Cartridge Filter to create this high performance system for aboveground pools. Rugged, efficient and simple to operate, these perfectly matched components will keep your aboveground pool clean, clear and inviting—with minimal care.

Clean & Clear filter systems come in a variety of sizes and horsepower to suit any aboveground pool configuration. And, the high performance OptiFlo pump is quiet and energy efficient, and will provide years and years of superior operation.

So, if you're looking for top-end aboveground system performance with minimal maintenance, look no further than the Clean & Clear filter system from Pentair.

Clean & Clear Cartridge Filter Features:

- Removable filter cartridge for quick, convenient cleaning.
- Rugged fiberglass-reinforced polypropylene tank for long life.
- High Flow™ Manual Air Relief Valve and continuous internal air relief work together to help eliminate air accumulation and maintain optimum filtration efficiency.
- 1" filter drain speeds washouts.

OptiFlo Pump Features:

- Easy access drain plugs for fast winterization.
- Large pump strainer basket extends time between cleanings.
- See-thru strainer pot lid for easy inspection and cleaning.
- Fiberglass-reinforced construction provides superior strength, durability and reliability.
